

Nativity

(Tune - Mike Bennett)

Have you heard, have you spread the word, are you telling everyone,
Each of us should know, every mother, brother, son.
Burning bright a cosmic light, is shining high above,
Heaven guides our way and it fills the world with love,

Chorus

*Send the word that peace has come, bringer of joy,
Listen and let's rejoice
Everyday and everyway you must sing out, let happiness abound,
All gather together spread friendship all around.*

Learned men and journeymen, the common and the crowned
Gather in a stable, barely make a sound
Candlelight is flaming bright, the shadows dance and play
Eyes are filled with wonder at the glory of this day

Chorus

Holy mother, has no other place where she could stay,
So often turned away, then in a stable lay.
Gold and myrrh are brought to her, to give her newborn son
Telling all the world that, he is the chosen one
